[Dying Abroad: The Political Afterlives of Migration in Europe](#) (Part of LSE International Studies) by Osman Balkan,published by Cambridge University Press in 2023. The burial decisions become the political acts when the boundaries of a nation and its members are contested. The remains of some migrants are shipped to be buried in ancestral soils. The others are buried in countries of settlement, in cemeteries that were established for ethnic and religious minorities. This book focuses on the immigrants end-of-life situation. It explores their struggling and belonging, the collective identity and citizenship in contemporary Europe. It analyzes the complex of the end-of-life practices offering the deeper knowledge about the daily lives of Muslims in Europe and how they feel about homeland and home.

[Modern Jewish Philosophy and the Politics of Divine Violence](#) by Daniel H. Weiss, published by Cambridge University Press in 2023. This book offers new readings of four modern Jewish philosophers: Franz Rosenzweig, Moses Mendelssohn, Hermann Cohen, and Walter Benjamin. Its focus is the classical rabbinic accounts of divine and human violence, the God’s sovereignty and the embodied human being as the image of God. The author is trying to answer a question: is commitment to God compatible with modern citizenship? He shows how classical rabbinic literature is relevant to contemporary philosophical and political situation. This book explores political aspects of the writings of the modern Jewish philosophers, known as non-political. It shows that four modern thinkers are more radical and more shaped by Jewish tradition than it has previously been thought. This book suggests to rethink relationship between politics and Judaism, history of Jewish thought and the ethical and political dynamics of the Western philosophical tradition in whole.

[Augustine’s Theology of the Resurrection](#) by Augustine M. Reisenauer published by Cambridge University Press in 2023. This book offers a study of Augustine’s theology of the human return from death to life – the resurrection. Augustine explains that the resurrection of bodies, coming forth from lying in their tombs, either to eternal life or to eternal punishment, will happen in their hearing the human voice of the Son of man, when he comes again in judgement... . Augustine offers insights into issues of human continuity, personal and communal identity, transformation, eschatological events, and the God of the resurrection. This book focuses on developments in Augustine’s theology of the resurrection. It presents the meaning of resurrection in Augustine’s works, focusing on the bodily resurrection and the resurrection in its plenitude, the Augustine’s theological methodology of faith seeking to understand the mystery of resurrection through following the guidance of resurrected Christ.
